EDUCATION

BSc Software Engineering, University of Palestine, Gaza Strip - Palestine **09/2017 – 02/2022**

Key Applications, Software Engineering Requirements Modules: Programming, Data Structures, Computer Architecture, Web

WORK EXPERIENCE

Front-End Developer & UI/UX Designer, Freelancer **12/2022 – Current**

- **Blog Platform**: Built a fully functional blog using **Next.js** and **TypeScript**, optimized for performance and SEO.
- **Landing Page Builder**: Developed a dynamic page creation system with **Next.js**, enabling customizable marketing pages.
- **Hospital Management System**: Currently building a scalable front-end using **React.js**, with a focus on modular UI and clean design.
- **Hotel Management System**: Designed a responsive UI using **HTML**, **CSS**, **Bootstrap**, and **JavaScript**.
- **Self-Employment Platform**: Developed a front-end targeting freelancers with a focus on accessibility and usability.
- **Restaurant Management System**: Created a responsive interface for restaurant operations with clean layout and intuitive navigation.

React.Js Developer, Shift, Gaza Strip - Palestine **05/2023 – 07/2023**

- Built and maintained SPAs using **React.js** and **Next.js**.
- Wrote clean, tested, and well-documented code.
- Integrated front-end with back-end APIs and handled debugging.

- Implemented responsive designs and animations using React.js and JavaScript libraries.
- Managed authentication using **Amazon Cognito** and file storage with **Amazon S3**.
- Participated in code reviews, documentation, and full application lifecycle.

React.JS Developer Traineeship, GGateway, Gaza Strip - Palestine 04/2022 – 09/2022

- Designed and implemented user interfaces with **React.js**, **HTML**, **CSS**, and **JavaScript**.
- Built responsive designs and integrated external APIs.
- Collaborated on project lifecycle from concept to deployment.
- Participated in team code reviews and debugging.

Front-End Developer, Wedia, Gaza Strip - Palestine 04/2021 – 08/2021

- Created visually appealing, user-friendly interfaces using **HTML**, **CSS**, and **JavaScript**.
- Ensured mobile responsiveness and worked closely with back-end teams.
- Integrated external APIs and mentored junior developers.
- Participated in the full development lifecycle and design collaboration.
